Lung, Unaware of Wife's
Death, Says He Used Nar-
cotic to Relieve Headache

Mrs. J. W. Lung is dead and her husband, proprietor of a cleaning and pressing establishment at 628 North Main, is recovering at the Oklahoma hospital from the effects of asphyxiation by gas and chloroform, Friday afternoon.

The couple were discovered by W. A. Murray, delivery man for the Guaranty laundry, who went to the place shortly before 4 o'clock to make a delivery and found the shop full of gas. Going into the sleeping room in the rear, which was separated from the front only by portieres, he found it also filled with gas. Lung, he said, was lying on one of the two beds in the room and his wife on the other. Both had handkerchiefs saturated with chloroform over their faces and there was a two-ounce bottle with a small amount of chloroform in it on the floor. The gas was coming from a burner under a boiler attached to the pressing machine in the shop. Three small children of the couple, who were playing in an adjoining room, were not affected as the connecting doors were closed, according to Murray. The laundryman turned off the gas, opened the doors and windows and called an ambulance and the police.

Efforts by Mowbray ambulance attendants to revive Mrs. Lung with the aid of a pulmonary were in vain as she was already dead when they arrived at the place. Her body was removed to the Mowbray Undertaking company and Lung was taken to the Oklahoma hospital, where attendants announced that he will recover.

Lung, in a statement to a hospital attendant, denied published reports of a suicide pact between himself and his wife. The presence of gas fumes in the room where he and his wife were found was accidental, the husband declared.

In response to questions put to him at the hospital, Lung, who had not been informed of his wife's death, denied any suicidal intent and said:

"I took the chloroform for a headache and my wife took it to spite me because she disapproved of my using it. If the fire was out under the boiler I did not know it."

"I have been subject to headaches since I was a small boy and my mother always gave me chloroform. I have used it all my life and my wife never objected to it before. We had quarreled over it and she said: 'Well, if you use it I am going to use it too.' There was no discussion of suicide and neither of us intended it."

Ganna Settles Lawsuit
Brought by Her Rival

NEW YORK, Nov. 24.—Ganna Walska, the Polish singer and wife of Harold McCormick, of Chicago, today settled the injunction suit which was brought against her by Madame Luelia Melius, a rival opera star in a concert tour throughout the United States. The case was dismissed from the United States district court without any further deliberations. Attorneys declared settlement was agreed to by both parties. The Polish singer is said to be able to proceed on her tour without fear of further legal hindrance.

Curfew Shall Ring
Tonight

When the hands of the office clock skip around to 6 tonight the Sunday Want Ad curfew has rung at The World. No more ads for Sunday.

Classifying the proverbs, we might say:

"Don't put off till 6 o'clock what you can do at 2."

A word to the wise is a mouthful.

Get Your Sunday

Mother of Eight
Victim of Poison
Placed in Candy

CHILTON, Wis., Nov. 24.—Authorities of Calumet county are confronted with a mystery today in the sudden death of Mrs. Frank Schneider, wife of a farmer near Chilton, which occurred within an hour after she had eaten a poisoned chocolate bar attached to a box of candy which arrived at her home by mail.

Although she died Tuesday, postal investigators have kept the affair secret until today.

Eight children were left motherless by the death of Mrs. Schneider. No clue was found, authorities said today, as to where the mysterious package of poison candy was mailed, or as to who sent it. The parcel, according to members of the family, was found in the mail box at the Schneider farm, which is located about a mile and a half from Chilton. The chocolate bar, which was tied outside the box of candy, had been crushed by handling, but that it was very good and intended for her. The letter was signed by a close relative of Mrs. Schneider.

The woman, according to a statement secured from the Schneider home, denies she ever mailed the box of candy or sent any letter to Mrs. Schneider. Mrs. Schneider gave birth to a child five days before her death.

'BULLETS READY'
FOR 'THE TIGER'

Threat Made Against
Clemenceau in Letter
Sent St. Louis Mayor

REPLIES TO CRITICS

French Visitor Hurls Barbed
Retorts at Senators Who
Say He's Militarist

By the Associated Press.
ST. LOUIS, Nov. 24.—A letter declaring that "the bullets are ready" for the visit to St. Louis, December 5, of Georges Clemenceau, former premier of France, was received at the mayor's office today.

Following receipt of the letter, which was signed with a lead pencil scrawl, "American war veterans," and was written in a crude hand on ledger paper, police officials announced that added precautions will be taken to protect "the Tiger" when he is here, although it was said the letter probably was written by a crank.

The letter bore a local postmark dated yesterday, and read as follows:

"The visit of the Tiger to America is absolutely private, your invitation to the least ridiculous, although we are glad the beast is coming. The bullets are ready."

"A million killed after 1917." A similar letter was received a few days ago by Acting Mayor Aloe and a third predicting that Clemenceau would go to his grave if he comes to St. Louis, was forwarded to the city official by General Charles C. Dawes from Chicago.

Speaking in Tremont temple before a fashionable audience, Clemenceau said he had not intended to tell Americans how to run their own business.

But "They Asked" Him.

"But they asked me to go further," he said, referring to the assertions of senators at Washington that his addresses were too vague. "They also dared me. I am ready to go to Boston, to go a little further. I'll give you not advice but what I think. It is the simplest thing in the world. There is at Lausanne a conference where England and France are supposed to agree."

COMPLETED COUNT
ACCORDS WALTON
49,887 PLURALITY

Oklahoma Co. Returns,
Last In, Cut Down Lead
of Governor-Elect

RAN BEHIND TICKET

Largest Plurality Was That
of M. A. Nash, School Super-
intendent-Elect, 125,601

'MYSTERY' STILL EXISTS

Where Jack Got Votes to Even
Up for Fields Democrats
Remains Deep Puzzle

Special to The World.

OKLAHOMA CITY, Nov. 24.—With the arrival of Oklahoma county official returns today, all of the returns are now in the hands of the state board. Fields' plurality over Walton in Oklahoma county is shown to be 3,290. Walton's plurality in the state is shown by the complete returns to be 49,887. The largest plurality was for M. A. Nash, superintendent of public instruction, which reached 125,601. Pluralities for all other candidates on the state ticket except in the case of court positions, ran from 45,000 to 75,000 more than for Walton.

Led Ticket by 60,000.

Despite this, the figures show that Walton's total vote ran approximately the same for the others, while Fields ran about 60,000 votes ahead of his ticket. The result of this is that the total vote for governor was from 29,000 to 60,000 more than the total vote for any other state office, where Walton got the votes to make up for the 60,000 votes which Fields received from the democrats. It is still a matter of conjecture, but they are evidently the ones which ran the total vote for governor up about fifty thousand above the average cast for other state offices.

Total vote for state officers, according to the complete returns from the 77 counties, is as follows:

Governor, Walton, 280,304; Fields, 239,417; Enfield, 3,290.

Lieut. Governor, Spess, 233,550; Flynn, 272,794; Potlatch, 6,238.

Secretary of State, Speed, 285,986; Newberry, 170,996; Thompson, 5,752.

Auditors: Childers, 233,092; Blair, 169,272; Cobb, 3,765.

Treasurer, Shaw, 233,671; Blair, 171,797.

Attorney-General, Short, 275,545; Anderson, 189,295; Banks, 6,113.

Superintendent: Nash, 125,601; Mox, 163,674.

Examiner and Inspector, Parkinson, 271,436; Short, 175,888; Carver, 5,685.

Commissioner Labor: Connolly, 273,069; Long, 171,702; Sinclair, 5,327.

Commissioner Charities: Bassett, 282,884; Barnes, 170,343; Newton, 5,669.

Insurance Commissioner: Hardin, 275,839; Bailey, 158,720; Rollis, 5,676.

President Board of Agriculture: Whitehead, 275,692; White, 177,621.

Corporation Commissioner: Carter, 273,510; McWilliams, 171,500; Dunbar, 5,652.

Clerk of Supreme Court: Franklin, 275,282; Stone, 173,471; Blackwell, 5,253.

Chief Mine Inspector: Boyle, 280,349; Malloy, 170,253.

Assistant Mine Inspector: No. 1, Robert Brown, 259,952.

Assistant Mine Inspector No. 2: Roberts, 271,145; Craig, 165,585.

Assistant Mine Inspector No. 3: Almond, 274,737; Olvera, 169,352.

Supreme Court, District 3: Kane, 258,749; Oldfield, 139,299.

Supreme Court, District 4: Harrison, 268,915; Chase, 170,111.

Supreme Court, District 7: Brannon, 267,662; Miller, 165,199.

Criminal Court, Appeals: Doyle, 265,971; Dickerson, 135,190.

OKLAHOMANS DIE IN WRECK

Man and Woman Found Dead Under
Auto Near Bartlesville

BARTLESVILLE, Nov. 24.—Ernest Hutchinson of Alluwe and Miss Beadie Kenyon of Nowata were killed and William Dawson of Alluwe was seriously injured early this morning when the automobile in which they were driving to Bartlesville overturned on a curve near Glenka east of here, pinning them beneath the car.

The exact time of the accident has not yet been determined. The wrecked car, with the occupants pinned beneath, was discovered at 8 o'clock by two farmers passing by. The horn on the demolished machine was blowing and the lights were still burning. The bodies of Hutchinson and Miss Kenyon were cold when discovered. Dawson is in a Bartlesville hospital and unable to give an account of the accident.

THE WEATHER

TULSA, Nov. 24.—Maximum, 56; minimum, 32. Wind, light; clouds, light.

OKLAHOMA: Saturday, fair; slightly warmer in west and central portions; Sunday, fair.

KANSAS: Fair and warmer Saturday; Sunday probably fair.

Woman Victim of Poisoning
Appealed to Indian Healer

Officials Investigating Death of Family in Lancaster, Ohio,
Blame Mrs. Henderson, Who They Say, Was Probably
Religiously Insane and Brought About Death of Others

By the Associated Press.
LANCASTER, Ohio, Nov. 24.—Karsacka Red Wood, Circleville "Indian healer" who says he cures by "thought and prayer," was appealed to by Mrs. Florence Henderson, who with her husband and four children, was found dead in their home, in an effort to rid the result of real and fancied ills, it was revealed here today after a search of the Henderson house. A letter from Red Wood, dated September 1, offered to cure Mrs. Henderson by the "Hindoo occult" method.

This helps to sustain the theory officials are working on now, they asserted, that the woman killed her husband and family in a fit of mental depression, brooding over imaginary ills.

Red Wood told an Associated Press representative in a telephone conversation tonight that he had never seen Mrs. Henderson, that he had never prescribed any medicine for her, and that after waiting her he had never heard from her again.

As a further indication of the motive of the tragedy, officials declare, a scrap book containing letters and postcards was found, with a notation in pencil on the bottom reading "Ezekiel, 18-6." This reads:

"And when I passed by thee and saw thee polluted in thine own blood, I said unto thee, thou must in thy own blood live. Yes, I said unto thee, thou must in thy blood live."

This would indicate, said officials, religious fanaticism entering into a mind brooding over physical ills.

NO DECISION ON
BOLEN'S MOTION

Supreme Court Will Rule
Later on Ousting of
Ada Judge

IN ROBERTSON CASE

Says High Court Discourteous
in Preventing Him From
Sitting in Case

OKLAHOMA CITY, Nov. 24.—District Judge J. W. Bolen's motion to set aside an order of the state supreme court preventing him from hearing proceedings in the case of Gov. J. B. Robertson at Ada, was taken under advisement by the supreme court shortly after 3 o'clock today.

After hearing the arguments of J. N. Kiffin, an Ada attorney representing Bolen, and the state attorney, who based the order on the allegations contained in the motion, Chief Justice John H. Harrison issued the following statement:

"The order (prohibiting Judge Bolen from hearing the case) was issued after I had been informed that a motion to quash the indictment against Governor Robertson had been filed before Judge Bolen in spite of the fact that all parties to the case knew this court had already ruled on the motion. I am not prepared to say whether or not I expect it before the first of next week."

Acted With Discourtesy.

In an affidavit accompanying the motion Judge Bolen declared that he was the holder of an honorable discharge in leaving the writ, that he resented being deprived of the "privilege of performing the duties incident to his office as judge of the district and that he was entirely without personal interest or prejudice in the case."

Declaring that he believed "any honest judge who is conscientious of the fact that he is disqualified to try a case will upon his own motion vacate and disqualify himself," Judge Bolen "alleged as fact that an order from a superior court depriving inferior judges of the opportunity of doing the right thing is an unjust discourtesy and one which should not be indulged in by a court held in such high esteem as the supreme court of the state of Oklahoma."

The affidavit declared that "the affidavit would show that he has not been given an opportunity to vacate and disqualify himself, or an opportunity to pass on his own ability to try the case fairly and impartially and that he is entitled to this right and prerogative."

The affidavit declared that while Judge Bolen would personally be glad if relieved of sitting in the case he would not be doing his duty to the sovereign people of Pontotoc county to sit idly by and be deprived of the prerogative of performing the duties incident to his office.

The affidavit declared that "it is personally objectionable to the affiant to be called upon to appear in person and engage in a bitter controversy in relation to the commission given him by the people and for that reason asks permission to exercise his privilege of not appearing in person but to submit his cause by way of this answer and affidavit."

He concluded his affidavit with a plea that "the sovereignty of the voters of Pontotoc county be not compromised by an unauthorized order of this high tribunal."

OKMULGEE, Nov. 24.—County Attorney James Hepburn, when informed that Judge Bolen had filed a motion to set aside the order restraining him from sitting in the governor's case, said that he would not oppose it.

"I leave it up to the supreme court and to the attorney-general's office," he said.

County Attorney Hepburn added that he had not been notified by the supreme court, however, of the intention to take up today the question of making the restraining order against Judge Bolen permanent.

Two Die in Engine Blast

Third Seriously Injured When Locomotive on N. Y. Central Bloss Up.

BARTTOWN, N. Y., Nov. 24.—Two men are dead and a third is expected to die as the result of the explosion of the locomotive boiler of a fast New York Central freight train as it entered the Astor tunnel near here tonight. Pieces of the engine, blown nearly a mile, set fire to buildings on the Astor estate.

Telephone and telegraph wires were broken and three of the four main tracks were blocked for two hours. The dead are the fireman and head brakeman. The engineer is near death in a hospital at Poughkeepsie.

UNCLE SAM RANKS WORLD

Produced Over 5 Billions of 9
Billion Barrels Output in
65 Years, Figures Show

Special to The World.

WASHINGTON, Nov. 24.—Oklahoma, after a year of uncontested lead in petroleum production, dropped to second place in October, the leading place being taken by California, the interior department announced today.

Texas remained in third place. Oklahoma, however, lost the lead because it wished to. Sharp restriction of production, because of prevailing low prices, was engaged in by Oklahoma producers.

The Three Leading States.

The figures for the three leading states in October were as follows: California 13,419,000 barrels compared with 12,505,000 in September.

Oklahoma 12,163,000 barrels compared with 12,286,000 in September.

Texas 10,707,000 barrels compared with 8,830,000 in September.

Of the Oklahoma production in October, 3,550,000 was in Osage county and 6,657,000 in the remainder of the state.

Of Texas' production 6,105,000 barrels was in central and northern Texas and 3,002,000 in the coastal fields. It was the first time in many months that production in the coastal fields went over the three million mark. Louisiana produced 2,754,000 barrels in October, as compared with 2,724,000 in September. Wyoming production went to 2,600,000, the greatest volume it has ever reached. The Wyoming gain went to put Kansas for the first time and made No. 5 among the states in oil output.

Wyoming May Pass Louisiana.

Developments in the Teapot dome area make it almost certain that Wyoming will pass Louisiana the next 30 days.

Kansas' production for October was 2,600,000 barrels, compared with 2,605,000 in September. Arkansas went to 708,000 in September. Illinois produced 768,000. Kentucky 764,000 and Pennsylvania 654,000.

Of the minor oil producing states Ohio, West Virginia, Montana, Indiana and Colorado showed slight gains in October, while New York showed a slight loss.

For the nation, during October, the daily average production of petroleum (amounting to 3,524,355 barrels) increased 14,555 barrels; daily average imports, crude and topped oils (amounting to 236,742 barrels) increased 21,342 barrels; and daily average consumption of crude petroleum (amounting to 1,686,957 barrels) increased 44,684 barrels; net results being that stocks increased only 1,160,000 barrels, the smallest monthly addition to storage that has been recorded since August 1921. Increased daily average production in California more than 26,000 barrels in Wyoming of more than 11,000 barrels, as contrasted with decreased production in most of the other states, made the net gain.

Pipeline and tank farm stocks of domestic petroleum increased 2,249,000 barrels. 1,111,000 barrels of which is credited to California, whereas stocks of Mexican petroleum held in the United States decreased 1,111,000 barrels.

FLOOD PACT IS SIGNED

Representatives of Seven States
Agree to Build Protective Dams.

SANTA FE, N. M., Nov. 24.—In the historic city of Santa Fe, the old Palace of the Governor of Santa Fe and upon the lapboard, in which General Lew Wallace wrote most of his manuscripts, representatives of seven states agreed tonight to sign a compact to secure the expeditionary agricultural and industrial development of the Colorado River basin, diagonally across from the protection of life and property from flood.

The states signatory to this compact, the first of its kind in American history, are Arizona, California, Colorado, Nevada, New Mexico, Utah and Wyoming. The signers in the order of states given are: W. S. Corns, U. S. Senator; D. H. E. Curran, U. S. Senator; Stephen H. Davis, U. S. Senator; and Frank G. Emerson.

Home Dynamited,
Striker Beaten
In Shawnee 'War'

SHAWNEE, Nov. 24.—The home of John Allen, on North Pennsylvania avenue, was dynamited shortly after midnight tonight. The Allen family escaped without injury.

Allen, who is a blacksmith at the Santa Fe shops here, says that he has received threats during the past week that his house would be wrecked, but he placed little credence in them.

The explosion which officers say was caused by dynamite, is the fourth outbreak of similar nature in the past two weeks here.

Truman Shelton, railroad employee who went on strike here July 1, but who returned to work yesterday, was assaulted and severely injured at his South Park street home shortly before 7 o'clock tonight. Tom Cavaley, a striker, and Ed Tom, a striker, are in jail charged with the assault. Lee Lunn has not been apprehended but a warrant has been issued charging him with the assault.

13-Story Office Building
to Be Built by Charles
Page, Belief

SITE IS INDEFINITE

Power Company Head Re-
fuses to Deny or Affirm
Proposal Last Night

That the Sand Springs Light & Power Co., one of the numerous interests of the Sand Springs home which is controlled by Charles Page, will during the forthcoming year erect a home and office building not less than 13 stories high was indicated by a statement Friday.

Page, the date of starting construction work as well as the exact location appears certain that whenever built it will occupy one of the principal business section corners.

Page denied that the recent settlement of the Tommy Atkins case in his favor had influenced the decision to erect such a building. It has been under contemplation by the light and power company for several months, he stated.

Within the past year the Sand Springs Light & Power Co. has made numerous costly and permanent improvements and extensions. It furnishes electricity to a number of cities and towns within a radius of 100 miles. The transmission line to Pawhuska is almost completed. Shawhook and other towns north of Tulsa have been supplied for several months.

To generate sufficient current for these, and contemplated projects the powerhouse and machinery have been greatly increased in capacity.

No definite announcement of the building project can be made at this time," Page explained. "Our tentative plans call for a building similar in structure to that of the light and power company in Denver. It is considered one of the most brilliantly lighted buildings in the United States. We expect to light the front of our fully as brightly and perhaps with more brilliancy."

Associates of Page own the valuable southeast corner of Third and Boulder, diagonally across from the postoffice. Whether the new building will be placed on this corner is a matter of speculation, which was neither confirmed nor denied by Page.
